SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

S I R:

In order to comply with discretionary rules 37 CFR §§1.97 and 1.98, attached hereto is a copy of a supplemental PTO-1449 Form. This document supplements a PTO-1449 form filed with an Information Disclosure Statement mailed on January 6, 2004. The previously filed PTO-1449 form mistakenly indicated a reference as an International Office Action dated December 9, 2003. The reference should have been indicated as a Taiwanese Office Action dated December 9, 2003, now indicated in a PTO-1449 form attached to this Supplemental IDS.

Also attached is a copy of the Taiwanese Office Action dated December 9, 2003 from the corresponding Taiwanese Patent Application.

Each item of information contained in the information disclosure statement was first cited in a communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of this information disclosure statement, so no fee is due.

The present Information Disclosure Statement is being submitted in compliance with 37 §CFR 1.56 as an Examiner might consider any cited document important in deciding whether to allow the application to issue as a patent, but the citation of each document is not to be construed as an admission that such document is necessarily relevant or prior art. No representation is intended that the cited documents represent the results of a complete search, and it is anticipated that the Examiner in the normal course of examination, will make an independent search and will determine the best prior art consistent with 37 CFR 1.104 (a), and in the course of such search will review for relevance every document cited on the attached form even if not initialed.

Early and favorable consideration is respectfully solicited.

Any fee due with this paper may be charged on Deposit Account 50-1290.

Respectfully submitted,

Thomas J. Bean
